

# 4<sup>th</sup>International Doctoral Symposium on Applied Computation and Security Systems (ACSS-2017)

March 17-19, 2017

**NATIONAL INSTITUTE OF TECHNOLOGY PATNA, INDIA**

<http://acss.nitp.ac.in/>

## Call for Paper

ACSS 2017 is aimed to facilitate Ph.D. scholars enrolled with Universities and Research Institutes around the world to present and discuss part of their research work with peers in their fields.

**Submission: Each contributed paper must have at least one enrolled PhD student as the first author of the submission and his/her supervisor(s) as co-author(s). Any work that is not presented in ACSS-2017 shall not be included in the post-conference book.** We welcome all such authors to submit research papers to 4<sup>th</sup> International Doctoral Symposium on Applied Computation and Security Systems (ACSS-2017). This symposium would be best suited for scholars who already have a plan outlined for their dissertation in one of the following broad areas:

- Computer Vision & Signal Processing
- Security for Internet of Things
- Security in mobile and cloud scenarios
- Remote Healthcare
- Deep learning
- Cloud Computing
- Privacy and Confidentiality
- Big Data and Data Mining
- Biometrics-based Authentication
- Analysis and Verification Techniques
- Large Scale Networking
- Distributed Systems
- Software Engineering
- Human Computer Interaction
- Access Control
- Android Security

Kindly use the following link for submitting your manuscript <https://edas.info/index.php?c=22912>. The submission draft for full papers should be limited to 10-12 pages. The authors of selected papers shall be required to submit an extended version for publication as a book chapter in the post-symposium book. All papers will be reviewed by the program committee, and a balanced program will be selected based on relevance and technical soundness.

Please download the proceedings template for the manuscript and author instructions from <http://www.springer.com/computer/lncs?SGWID=0-164-6-793341-0>. Each paper will receive at least two blind reviews. Please note that author names, affiliations, etc are not to be included in any form within the paper, failing which, the paper will be rejected. A brief review note by the supervisor explaining the scope of the work and its significance is to be mailed to [acsscu2017@gmail.com](mailto:acsscu2017@gmail.com) after the manuscript is submitted.

**The selected and presented work(s) for ACSS2017 will be published by Springer after the symposium as an edited book in the series "Advances in Intelligent Systems and Computing" (<http://www.springer.com/series/11156> ).** Papers that are accepted for poster presentations will go through a second round of review by an eminent panel of experts during the symposium. Extended version of the selected poster papers, based on the opinion of the expert panel, shall also be included in the post symposium book as complete book-chapter. **Any work that is not presented by the PhD student in ACSS - 2017 shall not be included in the post-conference book.**

### PUBLICATIONS & INDEXING

The authors of selected works shall be required to submit an extended version of their work based on the discussions during the symposium. This extended version will be published as a book-chapter in the bi-volume post-symposium book to be published by Springer. It may be worth mentioning here that ACSS book(s) are **indexed by Conference Proceedings Citation Index of Thomson Reuters (ISI Proceedings), EI-Compendex, DBLP, SCOPUS** and others.

### IMPORTANT DATES:

- Submission Due : November 18, 2016
- Author notification : January 30, 2017
- Paper Submission & Author Registration : February 13, 2017
- Symposium : March 17-19, 2017

You may find more details about the Symposium and details on previous years' events in the symposium website at <http://acss.nitp.ac.in/>

---

### Collaborating Institutes

CA' FOSCARI UNIVERSITY, VENICE, ITALY,

UNIVERSITY OF CALCUTTA, INDIA

BIALYSTOK UNIVERSITY OF TECHNOLOGY, POLAND
